

I. FACILITIES

(i) **Smart Class Room**

Class rooms are well furnished with necessary furniture and instruments. These are all electrified and decorated with necessary light and fans. Among these four class rooms are digitally equipped by application of audio-visual aids in the teaching and learning process. Students may get the whole lecture in record both in soft and hard copies.

(ii) **The Library & Reading Room**

The Library is the Heart of any Academic Institute. In spite of being a young in age Kaliachak College has enriched library. It provides the students text and reference books. The readers of the Library may have two identity cards: one for the lending purposes and the other is meant for reading room. The books and journals in hard as well as in the electronic form, are available for the interested readers. Book and journals meant for many regional and national level competitive examinations are made available for the job seeking students. The Reading room of the library is well ventilated and furnished for the study of a large number of students. There are departmental libraries for the Poor and meritorious students.

Students may avail the facility of **photo copy** of their study materials from the central library for a nominal charge.

(iii) **Language Laboratory**

Kaliachak College arranged a Language Laboratory, unique concept and for the first time in North Bengal, for learning the foreign Language namely English and Arabic. It will facilitate the learning of language in the functional level which in turn will enhance the marketability of the human resource produced from this college.

(iv) **Conference Hall**

This Hall is designed for conducting any conference, or meeting with dignitaries. It is a complete A/C well furnished and decorated with a round table revolving chair with individual speaker's microphone. College may spare the Hall in need of the society.

(v) **Seminar Hall**

Seminar is an inseparable part of higher education. It is the dais through which an academician shares his views with others and get clarification and rectification of his/her process of thinking. It is from this background the Seminar Hall will be developed soon so that the Students and Teachers may organize seminar to share their academic exercises with the other members of the society.

(vi) **Students Health Home**

With this platform a poor students may get medical benefit during the period of his major illness. All the students have to contribute a nominal fee for health home facility; and the health home will stand by him/her in distress.

(vii) Students' Canteen

Students coming from a remote distance may need alight refreshment in the mid of the day. This is why a students' canteen has been established. It will provide the students with their necessary refreshments in reasonable prices.

(viii) College Magazine:

Students union of Kaliachak College publishes the annual college magazine the **PARISTIC** during the month of March. The interested students may articulate their composed articles, essays, poems, short stories etc in the magazine.

(ix) Indoor & Outdoor Games

All work and no play make Jhon a dull boy. Kaliachak College believes that game is the true spirit to construct a powerful nation. Therefore, there are facilities of both indoor and outdoor games in the college premises. There are Foot Ball, Volley Ball, Badminton, Cabadi and other Athletics as outdoor games and Table Tennis, Caroms, Chess as indoor games. There is an instructor appointed by the college authority to encourage the interested students. It is noteworthy that seven students from this college qualified in the district level inter college sports to compete in the State level Games.
