Theme of the seminar

Urdu is the most important language of South Asia. West Bengal amongst the other regions that played a vital role to develop this language. The Nawabs of this region patronized Urdu poets and writers. Fort William College of Calcutta has played a significant role in promoting Urdu prose as it paved the way for the promotion of Urdu language and literature. Ghalib's journey to Calcutta tells us about the scholarly and literary activities here.

In West Bengal, Urdu language and literature are taught from school level to university. Urdu is the medium of instruction in many institutions at the primary, upper primary and high school levels in West Bengal. In Calcutta and outside Calcutta, there are many Urdu medium schools where all subjects are taught in Urdu.

Since many years, Urdu medium schools are facing various problems i.e the lack of Urdu teachers, converting Urdu medium schools to multilingual institutions and then converting them to other mediums due to the negligence of the Urdu speaking people and the less confidence in Urdu medium education.

Kaliachak College is a reputed college in the district of Malda, West Bengal. In order to resolve these problems and to send a good message to the Urdu-loving people of West Bengal, the college authorities want a constructive discussion on the current situation and problems of Urdu medium schools in West Bengal. Therefore, the college has decided to organize a national on the theme "Current Situation of Urdu Medium Schools in West Bengal: Problems and Prospects".

It is hoped that this seminar will create awareness among the school authorities and the Urdu Loving people and will help to improve the condition of Urdu medium schools in the state.
