

## KALIACHAK COLLEGE

### Action Taken Report on the Students Satisfaction Survey

Students' Satisfaction Survey was conducted over the existing and passed out students of Kaliachak College. 233 students took part in the on line survey conducted on Google Form App during the month of July-Dec 2020. The responses are tabulated and presented through charts and diagrams automatically by the App. The college was presented on an average more than 60 percent on excellent and more than 25 per cent on the scale of good performance.

After careful considering the suggestion made by the respondents in the survey, the IQAC, Kaliachak College suggested the following action to be taken for further development of the teaching learning quality in particular and academic atmosphere of the college as a whole.

- To increase the number of ICT enabled class room;
- Emphasis was laid on the assignments based on applied aspects of the discipline;
- Number of online classes to be increased for timely completion of the syllabus;
- Emphasis was given to create new vacancy for the appointment of full time faculty specially in the single faculty discipline;
- Number of Text and reference books in the library to be increased with respect to the newly introduced CBCS syllabus;
- Chemistry, Botany and Zoology lab to be renovated with latest technologies and more specimens and reagents for extensive practical classes;
- Emphasis was given on more students centric teaching;

The principal is requested to move the suggestion to the apex administrative body of the college to take necessary action for implementation of the suggestion made by the students' community.
